# Metabolic Processes, Skeletal Muscle Disorders, and Ageing

a symposium in honour of  
Prof. Gerolamo Lanfranchi

Tuesday, 26th September 2023  
Aula Magna, "Vallisneri" Building, University of Padua

## Programme

- 14:30 – 15:10** Epigenetic modifications: biomarkers and modulators of ageing  
**Giuseppe Passarino** (*University of Calabria, Italy*)
- 15:10 – 15:50** Immunopathogenesis of FSHD muscular dystrophy  
**Daide Gabellini** (*HSR Research San Raffaele, Italy*)
- 15:50 – 16:30** The Lysosome: A Rheostat of Cell Metabolism  
**Andrea Ballabio** (*University of Naples Federico II and TIGEM, Italy*)
- 16:30 – 17:10** From the Sarcoplasmic Reticulum to Metabolism: An Unexpected Journey in Skeletal Muscle  
**Vincenzo Sorrentino** (*University of Siena, Italy*)
- 17:10** Concluding remarks  
Alumni from Lanfranchi's Research Group  
and  
**Luigi Bubacco**, Director of the Department of Biology, University of Padua
